AIR-DYNAMIC  
ANYWHERE, ANYTIME.

## Our Mission

Helicopter and Private Jet transfers are our business, life, and passion. The Team consists of highly qualified professionals ready to help you to reach any destination worldwide. Simply advise your point and time of departure/arrival, number of people, jet preference, and/or helicopter type (single or twin engine).

We work to meet your needs and preferences and within a short period offer you competitive solutions on single and multiple-stage transfers that will get you from door to door safely and efficiently, relaxed and in style. Private jet transfers to any point in Europe, Middle East, the USA, or Asia, helicopter flights in Switzerland, Italy, and within Europe. Safety, comfort, and privacy, along with a dedicated service have consolidated the success of Air-Dynamic throughout the years.

# Private Helicopter Flights

A Helicopter transfer is the best solution to get across the Swiss Alps or to an island like Capri fast and comfortable without stopovers or traffic in Swiss mountain roads or in the famous Amalfi Coast. We guarantee the best prices for any kind of helicopter flight or transfer and all inclusive service without additional invoices after the fact. Be it for vacation, holiday or business.

# Private Jet Flight

Today, Air-Dynamic organizes scheduled and chartered jet transfers for individuals as well as for larger groups. Heavy jets such as the Falcon 7X, Challengers 850/605 and Legacy 600 for longer flights or smaller, practical yet comfortable jets such as the Cessna Series for shorter distances. Due diligence, constant research and tracking of the market allows us through proper planning, a superior alternative solution to what would otherwise be considered as a regular transfer at a competitive price. The objective on every occasion is value for money without compromise.
